## **Drug Levels and Effects**

#### **Summary of Use during Lactation**

No published information is available on the use of prasugrel during breastfeeding. Until more data become available, prasugrel should be used with caution during breastfeeding, especially while nursing a newborn or preterm infant. If it is used by a nursing mother, monitor the infant for bruising and bleeding.

#### **Drug Levels**

Maternal Levels. Relevant published information was not found as of the revision date.

Infant Levels. Relevant published information was not found as of the revision date.
