

Lasmiditan

Revised: November 16, 2020.

CASRN: 439239-90-4

Drug Levels and Effects

Summary of Use during Lactation

There is no published experience with lasmiditan during breastfeeding. If lasmiditan is required by the mother of an older infant, it is not a reason to discontinue breastfeeding, but until more data become available, an alternate drug may be preferred, especially while nursing a newborn or preterm infant.
