

Daprodustat

Revised: February 15, 2023.

CASRN: 960539-70-2

Drug Levels and Effects

Summary of Use during Lactation

No information is available on the use of daprodustat during breastfeeding. Because of relatively high protein binding, the amount in milk is likely to be low. The manufacturer recommends that breastfeeding be discontinued during daprodustat therapy and for one week after the final dose.
